

Thank you for choosing us !

We're excited to be a part of your financial journey and help you move closer to your goals

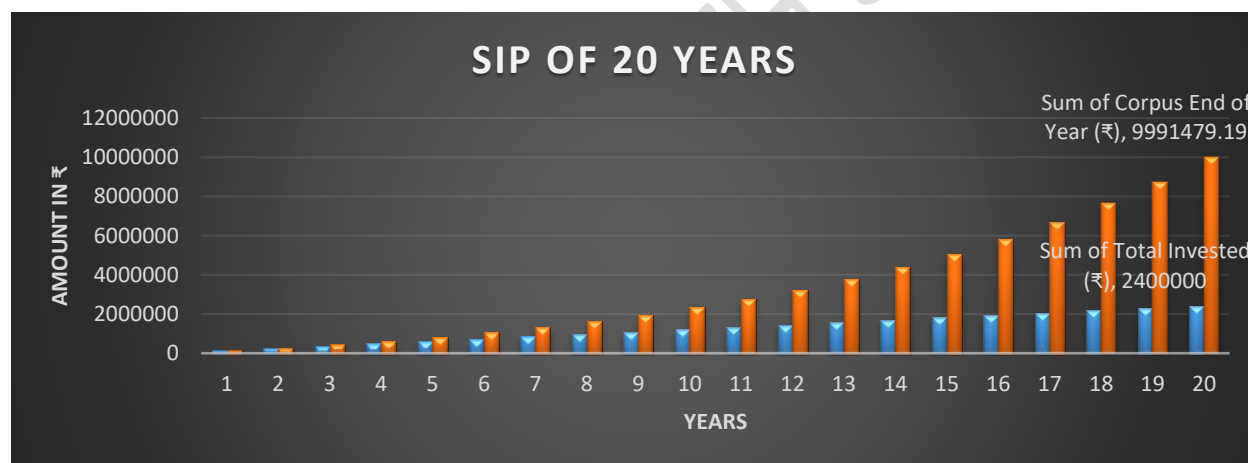

SWP:

A Systematic Withdrawal Plan (SWP) is a facility that allows you to withdraw a fixed amount of money regularly from your mutual fund investment. It helps create a steady income stream while the remaining money stays invested and continues to grow.

SIP:

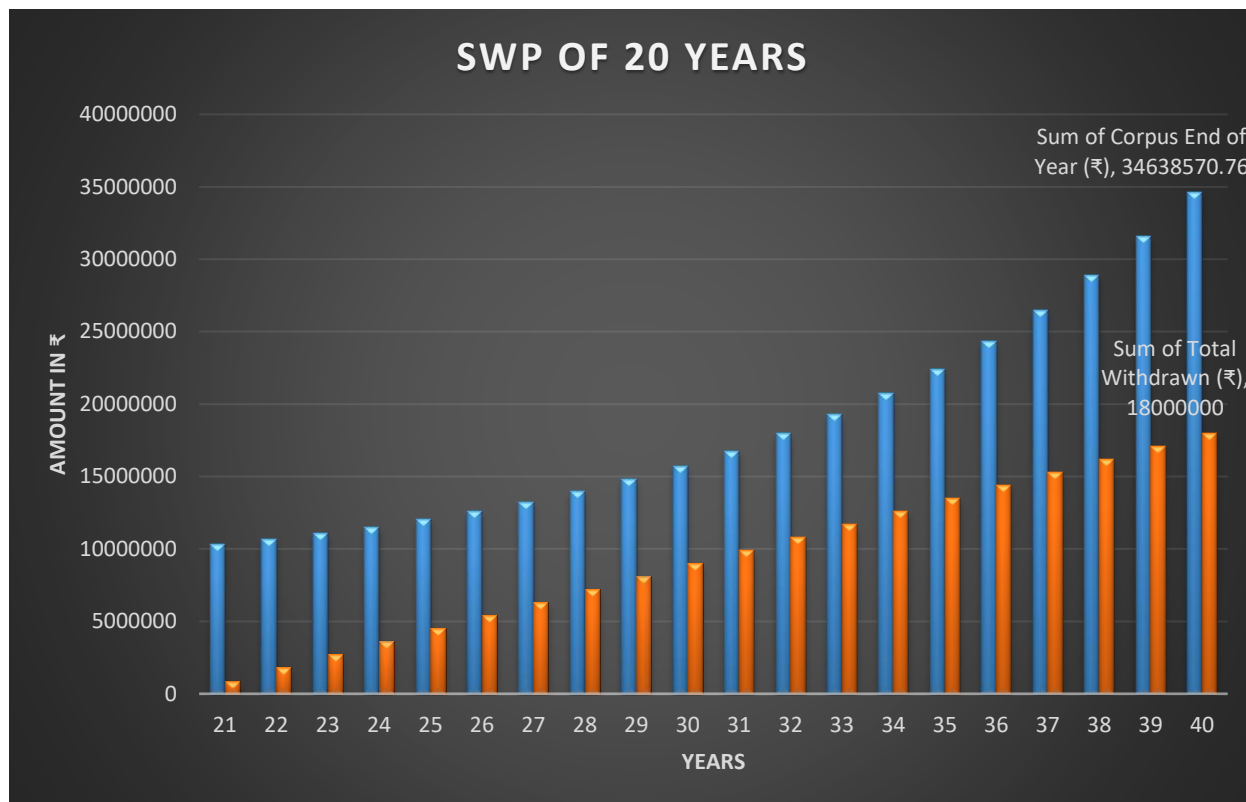

A Systematic Investment Plan (SIP) is a method of investing a fixed amount regularly in mutual funds. It helps build wealth gradually through disciplined investing and the power of compounding. SIP allows investors to start with small amounts and benefit from market fluctuations through rupee cost averaging. It is an effective way to achieve long-term financial goals such as retirement, education, or wealth creation.

What if you do SIP for just 20 years with ₹10,000.00 at an average rate of return at 12% per annum?

By investing ₹10,000 per month through a SIP for 20 years at an average annual return of 12%, your investment can grow to approximately ₹9,991,479.19. Your total investment during this period would be only ₹2,400,000.00. This means you would earn an estimated return of ₹7,591,479.19 through the power of compounding and disciplined investing.

What if after 20 Years of SIP, you withdraw ₹ 75,000.00 per Month for Next 20 years?

If you withdraw ₹75,000 per month, you can receive a total of ₹18,000,000 (₹1.8 Crore) over the next 20 years. Even after making all these withdrawals, you will still have a remaining corpus of ₹34,638,570.76 (₹3.46 Crore). This demonstrates the power of long-term investing and disciplined financial planning.

Your trust means everything to us, and we're committed to providing guidance, support, and solutions every step of the way.

Let us help you build a strong financial foundation:
